Kaja Hort

Profile

Kaja Hort born on the 25th of November 1991 in Augsburg, Germany__

Design is a Journey, like traveling to a new place.
During the visualization of an idea to a final product I enjoy to play with both, analogue and digital techniques.
A high level of drawing, hand-craft ability combined with a strong knowledge of several adobe programs | *Adobe Illustrator* | *Adobe Indesign* | *Adobe Photoshop*, is helping me to a fast process.
My focus is on Illustration, textile design and branding, but I have an open mind for new things and my main goal is to grow as a designer, as a person and as a team.
