Kaja Hort

Profile

Kaja Hort born on the 25th of november 1991 in Augsburg, Germany_

Design is a Journey, like travelling to a new place.
During the visualization of an idea to a final product I like to play with both, analogue and digital techniques.
A high level of drawing, hand-craft ability combined with a strong knowladge of several adobe programs
| Adobe Illustrator | Adobe Indesign | Adobe Photoshop, is helping me to a fast process.
My focus is on Illustration, textiledesign and branding, but I have an open mind for new things
and my maingoal is to grow as a designer, as a person and as a team.
